Gettysburg residents paid town taxes totaling \$83,777.85 during 1959, according to the annual audit of the borough's accounts presented to the borough council at its meeting in the engine house Monday evening by auditors S. Richard Eisenhart, John W. Hewitt and John W. Fox.

Other income totaled \$11,964.21 and included such funds as \$2,300 from liquor licenses, \$3,728.01 from the foreign fire insurance tax and \$4,103.12 in county aid. The town started the year with a balance of \$36,325.82.

## COLLEGIANS WILL PRESENT THE CRUCIBLE

"The Crucible," a drama by Arthur Miller, will be produced by the Owl and Nightingale players during Religious Emphasis Week at Gettysburg College, according to an announcement today by Dr. Richard A. Arms, director of dramatics.

The public is invited to attend the production February 15 at 7:30 p.m. in the new Student Union auditorium on the campus. All seats are reserved. Complimentary tickets may be obtained by writing Dr. Arms at the Gettysburg College.

**Produced On Broadway**  
The play is set in Salem, Mass., in 1692 during a witch hunt which brought death to scores of innocent people. Playwright Miller portrays with dramatic intensity a rising tide of mass hysteria inaugurated by a group of adolescent girls, repressed by a stern puritanism but said to have consorted with the devil in a nearby forest. Scapegoats are forced to "confess" and implicate others or be hanged.

"The Crucible" was first produced on Broadway in 1953. It was later seen by British audiences and filmed by a French company.

Students cast in principal parts are: Douglas Truax, Berwick; Miss Lois Inman, Towson, Md.; Paul Herman, Lancaster; David L. Bennett, Lewisburg, and Royce A. Dendler, Berwick.

## Hopes For Early Spring Are Jolted By Groundhog

Hopes for an early spring were handed a frosty jolt today when a cranky little animal supposed to be a weather prophet stuck his head out of his winter residence and saw his shadow.

This, in groundhog folklore, means six more weeks of winter.

Adams County groundhogs were reported agreeing with "official" brethren at Quarryville and Punxsutawney who announce to the world each year their important pronouncements on what the calendar has always called the last six weeks of winter.

**Traced Back To Romans**  
It would have taken bad timing, indeed, for a groundhog to fail to see his shadow today as he ventured at look at the outdoors, chilly breeze uncovered blue skies for much of the day and only the occasional clouds obscured the sun briefly.

From Punxsutawney came a report that "Punxsutawney Pete" had seen his shadow at 7:29 this morning and had immediately barked his forecast: "Bad weather." Presumably he immediately returned to six more weeks of winter slumbers.

Sam Light, the president of the Punxsutawney Groundhog Club, says the ground hog day celebration idea was brought to

Joy Lutheran charge, who numbers among many community service positions the chairmanship of the county board of public assistance, has been appointed by Governor David L. Lawrence as chairman of the Adams County committee for the White House Conference for the Aging.

The conference, the first of its kind ever held, will be conducted in March, 1961.

The Rev. Mr. Held has been notified that he will be called to Harrisburg soon for a conference of county chairmen when instructions will be given on preparations for the conference next year and procedures to be followed by county committees.

The county chairman will select his own committee.

Other local offices currently held by the Rev. Mr. Held include chairmanship of the Adams County Red Cross chapter and the executive secretaryship of the Adams County Heart Association.

## TOWN BALANCE IS INCREASED IN LAST MONTH

Digging permits brought \$7,473 into the borough treasury during January, according to the financial reports presented at Monday evening's meeting of the Gettysburg borough council.

The digging permits were listed in the report of Burgess Wilbur Plank who collected \$8,718.70 during the month. His other collections included \$905 in parking fines, \$27.80 for five building permits and \$288.15 theater tax.

The report of Treasurer Harry D. Ridinger showed \$13,539.99 income during the month including \$5 from Kenneth W. Johns, \$95 from Justice of the Peace Robert P. Snyder, \$37.50 from Cloyd Shetter, \$3,518.99 from the parking meters, \$8,718.70 from the burgess and \$1,164.80 from the tax collector.

Expenditures during the month included \$1,606.93 for general government, \$4,340.81 for protection to persons and property, \$3,842.57 for highways, \$827.52 for electricity and \$1,364.25 for recreation, a total of \$11,982.08. The town began the month with a balance of \$60,126.13 and ended with a balance of \$61,684.04.

Chief of Police Jack Bartlett's report showed ten criminal and 12 traffic arrests made by the police during the month. Eight accidents were investigated along with 258 complaints. Twenty escorts were provided and 49 "assistants" were rendered other departments. Five wallets were reported lost and four found. One bicycle was reported lost and found. Two stolen cars were recovered and three missing persons located.

## PASTORS HEAR J. W. SHAINLINE

Life's stresses and strains and their effects on human behavior were discussed for members of the Adams County Ministerium Monday by John W. Shainline, dean of students at Gettysburg College. The county pastors held their monthly meeting at St. James Lutheran Church here with their vice president, the Rev. Norman Marden, Bendersville, presiding.

Dean Shainline's topic was "Selye's Stress Concept and Human Behaviour." He told the pastors that "stress is the whole wear and tear, the speedometer of life" and spoke of "the inner drunkenness from stresses and imbalance of life."

He spoke of the importance "of learning to live in harmony and in cooperation with the laws of life" and said the "spirit of gratitude is one of the most helpful" because of the wholesome reactions it brings. The important roles played by rest and diversion also were pointed out by the speaker. A general discussion period followed.

Devotions at the opening of the meeting were conducted by the Rev. Robert A. MacAskill, local Presbyterian pastor, and there was a brief business meeting at which committee reports were presented.

The ministerium will meet next on Monday, March 7, in Flohr's Lutheran Church, near McKnightstown, when one in a series of programs will be presented on "The Pastor As Preacher."

## 22 COUPLES LICENSED

## STATE FIRE MARSHAL TO PROBE BLAZE

A representative of the state fire marshal's office at Harrisburg will be here Wednesday or Thursday to complete the investigation into the fire which badly damaged the Adams House and Eberhart Apartments Saturday.

Fire Chief Francis I. Lunn, still confined to bed by sickness, Monday afternoon called the state fire marshal's office to arrange for the investigation after conferring with First Assistant Fire Chief Robert Hartman, who was in charge at the fire.

Lunn said the state fire marshal's office normally visits the scene of all major fires but that he had called in order to speed the arrival of the marshal in order to "clear up the exact cause of the fire."

Meanwhile insurance adjusters Monday inspected the ruins of the building and contractors from Harrisburg and locally are to visit the building within the next few days to help assess the actual damage caused by the conflagration.

Assistant Chief Hartman said today that he was told by an occupant of an adjoining room that Sherman Newberry was the occupant of the third-floor room in which the fire started, but said he had not been able to contact Newberry since the fire to obtain his story of the start of the blaze.

## TOWN SCHOOL BOARD MEETS MONDAY NIGHT

The Gettysburg borough school district will end its fiscal year July 1 within its budget but its share of the cost of Meade school improvements and the new hot water heating system at the high school will cut anticipated year-end balances, board members learned at their February meeting Monday evening at the high school.

With a \$101,000 balance in the general fund and with a \$20,000 certificate of deposit and a recently-purchased \$20,000 U.S. Treasury bill, the school board will have adequate funds for current operations, it was pointed out. Budget making will be up soon, probably in April.

## Have 74 In Night Classes

All members of the board attended the meeting with President Robert H. Deardorff presiding. The report of the treasurer, the First National Bank, showed a \$20,000 certificate of deposit matured last month. Of that sum \$19,768 was re-invested in an interest-bearing U.S. Treasury bill which matures in 90 days but can be converted to cash earlier if necessary.

The borough district made \$30,000 payments to the joint school treasury in December and January, according to reports presented Monday evening. The December 1 balance of \$190,000 has dropped in two months to \$101,000.

Superintendent of Schools H. Edgar Riegler told the board there are 110 enrolled in the adult evening classes being conducted at the high school and 74 of the pupils are from the borough. The local school district pays a share of the cost of the classes on the basis of the enrollment of pupils from the borough.

## Meet Again On Monday

The board approved payment of expenses for Mrs. Richard Folkenroth, secretary in the superintendent's office, to attend a training session on school records to be conducted at Harrisburg by the state on March 24.

There was also a general discussion of many phases of school operations and problems.

The directors, who were in session last Thursday for a special joint board meeting, will meet again Monday evening as members of the joint school board for a regular session at which an architect for the new high school addition is to be chosen.

## SPEEDING CHARGE

Gerald Pittman, Gettysburg, was charged by Greencastle police with speeding in Antrim Way South at 2 a.m. January 21 in an information filed before Justice of the Peace Harry Brewbaker, Greencastle.

## FACE CODE CHARGES

A ten-day notice has been mailed by Justice of the Peace Anna E. Thompson to Robert B. Plank, Cashtown, on a charge of failure to yield the right of way. The charge was brought by state police.

## FRACTURES HIP

Mrs. Alma Lower, Orrlanna R. 1, who was admitted to the Warner Hospital Sunday, suffered a hip fracture in a fall down cellar steps at her home.

## Three Couples Get Marriage Licenses

Marriage licenses have been issued at the office of the clerk of courts to the following couples: Kenneth E. Markle, son of Mr. and Mrs. Russel D. Markle, Biglerville, and Martha G. Laughman, daughter of Mr. and Mrs. Emanuel L. Laughman, New Oxford R. 1.

Alvin A. King, son of Mr. and Mrs. Guy L. King, Littlestown, and Loretta May Helsel, daughter of Mrs. Clara C. Helsel, Waynesboro.

William F. Elime, son of Mr. and Mrs. Robert J. Elime, McSherrystown, and Theresa E. Livelsberger, daughter of Mr. and Mrs. Bernard J. Livelsberger, Hanover R. 4.

## TOWN SURPLUS INVESTED TO GAIN INTEREST

Gettysburg is in such good financial situation currently that the borough council Monday night directed its treasurer to place \$25,000 in short term U.S. Treasury bills "so we can make a little interest."

Council anticipated it will need about all the money it can scrape together before the year ends, but at the moment the town is "sitting pretty" financially. January proved an unusually profitable month because of large scale payment of digging permits and continued increased income from the parking meters.

The town had an income of \$13,539.99 for January, including \$8,718.70 from the burgess and \$3,518.99 from the parking meters and its outlay during the month was only \$11,982.08.

## Problems Aired

Council heard residents of the 200 block of Baltimore St. complain about what has been an old problem of council — a house to the west of the 200 block of Baltimore St., now owned by John Gastley and his sisters without a sewer connection. A half dozen residents of the area were present with Donald G. Weaver, 241 Baltimore St., and Dorsey Robert, 231 Baltimore St., as their spokesmen. Council assured the delegation that Burgess Wilbur L. Plank, who was unable to be present at the council meeting, is "working on" (Continued On Page 3)

## PLAN BENEFIT FOR HOSPITAL

The response to the sale of tickets for the movie at the Majestic Theater next Tuesday evening sponsored by the hospital auxiliary for the benefit of the Warner Hospital "is very encouraging," Mrs. Clark Smith, chairman of the benefit committee, said today.

"We feel most encouraged by the sale of tickets thus far. We have leased the theater for that evening and the entire proceeds will be used for the Warner Hospital. Another attraction is our door prizes. The first door prize will be a home bar donated by Dalewood, of Hanover. Raymond Home Furnishings has donated a card table and there will be other prizes," Mrs. Smith said.

The feature attraction is the movie "Seven Brides for Seven Brothers." Tickets are available at 80 cents each from any member of the committee or at the Majestic box office. The box office will be open as usual the night of the benefit and those who wish to purchase tickets at that time may do so.

There will be one show. News and cartoons will be shown at 7:30 o'clock followed by the feature picture.

## DeGaulle Asks Free Hand To Govern For 14 Months

PARIS (AP)—President Charles de Gaulle's government sought a free hand from Parliament today to rule by decree for 14 months in the wake of the abortive Algerian rightist uprising.

Two more deputies in the French National Assembly were arrested on warrants charging attacks on the security of the state, the charge on which Deputy Pierre Lagailarde is held as the military chief of the uprising.

## Suspects Are Quizzed

Jean-Baptiste Biaggi, 41, a right-wing Parisian deputy, and Mourad Kaouah, 40, a Moslem deputy from Algiers, were locked up along with Lagailarde.

A French examining magistrate, a sort of one-man grand jury, questioned a long list of persons suspected of shipping arms to the French insurgents.

## DECIDE TOWN IS NOT READY FOR ZONING

Gettysburg is not yet ready for zoning — although it is sure to come eventually.

That was the announced decision of borough council at its meeting in the engine house Monday evening.

Council President Glenn Guise expressed as his opinion "and the opinion of council" that "we are not ready for zoning." There was no dissent by other councilmen.

## Asks For "Answers"

Johns said his commission had received a communication from council stating it should serve also as a zoning commission. He added that the commission wanted a "few answers" before it replied to council's proposal.

"If council really wants to go ahead and zone—with all that zoning implies, and if council is willing to pay the \$10,000 or more that it will cost to bring in experts to help us with zoning, then your planning commission will be happy to serve as a zoning commission."

"But if you do not really want to zone, but merely want to have that will handle all the hot potatoes and do nothing but meet each problem as it comes up, then we don't want it," Johns said.

## "A Little Too Late"

Guise's first response was "we're not ready for zoning, even though we know we're going to have zoning some day."

Council backed that up by voting that a letter be sent the plan-

## ZONE MEETING OF AREA LIONS HERE FEB. 29

The Gettysburg Lions Club ranked fourth in the zone in both the "point contest" and in attendance averages at the end of the second quarter of the current club year, the local clubmen learned in a bulletin from Zone Chairman William Shultz of Fairfield read at Monday evening's meeting at the Shetter House.

The Fairfield club led both divisions of the contest at the end of the quarter, the bulletin showed. Dillsburg and New Oxford also ranked ahead of Gettysburg in the "point contest" which takes into account club visits, new members and other factors. Fairfield, York Springs and Dillsburg top Gettysburg in the attendance division.

## Talks On Mutual Funds

The club was also notified by the zone chairman of plans for a zone meeting here on February 29, a district dinner meeting at Harrisburg March 24 and the charter night for the new Cashtown Lions Club on March 1.

## EXTINGUISH BLAZE

East Berlin firemen quickly brought a blaze of undetermined origin under control at Holzschwamm (Paradise) fellowship hall late Sunday night. Isaac Myers, a neighbor, spotted flames and called the company about 11:45 p.m. Damage was reported as slight.

Gettysburg borough council Monday evening tentatively adopted a \$169,000 budget — \$29,000 above that proposed for last year — but said it can meet it without increasing the town's 16-mill tax rate.

Finance Chairman John A. Welshonce, in presenting the proposed budget at the meeting in the engine house, noted that receipts last year from taxes, parking meters, the burgess, county and other sources totaled \$137,313.08. He said he estimates that increased revenue from the parking meters, new special taxes adopted by council plus new buildings increasing the tax base will bring in \$11,500 more, making the town's income for the year \$169,010.08.

If Welshonce's figures are correct, the town will have a balance of \$36,000 at the end of the year.

While the town's income this year was \$137,513, it started the year with a balance of \$36,325.82. The audit presented to council shows it ended the year with \$60,126.13 in the general account — not having spent as much as it budgeted during 1959.

## Two Special Levies

Two of the special taxes council will try this year are a graduated levy on amusements, including museums, and a levy on house trailers.

The amusement tax ordinance, read Monday night and which will be voted on at the March meeting, calls for a one-cent tax on admissions up to 34 cents, a two-cent tax on admissions between 35 cents and 63 cents, a three-cent tax between 64 cents and 94 cents and a five-cent tax on admissions over 94 cents. The tax would keep the present two-cent rate on adult theater tickets, one cent on children's tickets and would for the first time put an admission tax on museums. The ordinance provides for no tax on affairs held by lodges, churches, schools, colleges and similar organizations.

A \$2 per month levy will be placed, if the ordinance read Monday is adopted next month, on trailers used as homes.

## Maximum Under Law

The tax must be collected by the owner of the property on which the house trailer or trailers are located and must be paid by the 15th of each month for the month prior.

Penalty for violation of both forms of taxation is a fine of up to \$100 or 30 days in jail.

Councilmen Richard Smith and John Welshonce protested that the trailer tax was too low, but were told by Solicitor Eugene V. Bullett that the \$2 amount was the top figure allowed under the law.

## More For Recreation

As read to council by Chairman Welshonce, the proposed budget includes \$48,000 for highways, \$53,000 for safety, \$16,500 (Continued On Page 3)

# ROBERTSON IS NEAR NEW MARK IN BASKETBALL

By DON WEISS  
Associated Press Sports Writer  
Let's put it this way: If Oscar Robertson doesn't become the top three-year scorer in major college basketball tonight, Drake University's defense deserves a special niche in the history of the sport.  
The Big O from top-ranked Cincinnati suddenly has been acting like a mere mortal while he creeps up on the all-time three-year varsity mark of 2,538 points. Frank Selvy of Furman established in a career ending in 1954. In his last two games All-American Oscar has managed but 42 points a pace considerably reduced from the one that has all but assured him of becoming the most prolific scorer in major college competition.  
This time, however, Oscar ought to do it. He goes against Drake in a Missouri Valley Conference game at Cincinnati needing just 10 points to break the mark. Drake's defense deserves a special niche in the history of the sport.

This time, however, Oscar ought to do it. He goes against Drake in a Missouri Valley Conference game at Cincinnati needing just 10 points to break the mark. Drake's defense deserves a special niche in the history of the sport.

Whether or no Oscar can pick up his pace, college basketball does this week after a two-week letdown for mid-term examinations. It has a considerably different look as full-scale competition resumes, what was the first in a not break-through having joined the season-long dominance of the Big Four of Cincinnati, Bradley, California and West Virginia.  
William & Mary's Indians managed the shorter Saturday night with a 94-86 scalp of fourth-ranked West Virginia. 56-game streak on a neutral court at Norfolk, Va. Bradley, No. 2 had a close call but came from 10 points behind at the half to nip Marquette in overtime 62-59.  
Of the Big Four only third-ranked California—now 16-1 after Saturday's 67-48 rout of Oregon State—has been winning easily and playing smoothly. So it is a wide open national scramble with the stretch run for conference titles and tournament berths beginning.  
Besides Ohio State, Georgia Tech, Utah and Utah State, Villanova and Texas A&M regular challengers all along, you might keep an eye on such clubs as North Carolina (9-4), Detroit (14-2), Dayton (15-3) with a seven-game win streak, and Toledo (13-2).  
Frank McGuire's North Carolina Tar Heels idle for over two weeks, get back to a 25-day run of 10 Atlantic Coast Conference games. The Tar Heels are at Maryland Wednesday in a key game.  
Ohio State, unbeaten Big Ten leader with a 13-2 over-all record, plays Michigan tonight and Northwestern Saturday, while Georgia Tech tucks its 7-0 Southeastern Conference record Tuesday against Auburn—a club that has whipped the Engineers five

# straight times over three seasons

Top tenners Villanova, Utah, Utah State and Texas A&M also will be busy—Utah against Colorado State U. Friday and Wyoming Saturday. Villanova against Manhattan Thursday and Siena Saturday, Utah State against Denver Friday and New Mexico Saturday, and the Texas Aggies—back after two weeks—against Francisco Monday, Santa Clara Tuesday, and Texas Tech Saturday.

## COLLEGIANS WILL PRESENT THE CRUCIBLE

"The Crucible," a drama by Arthur Miller, will be produced by the Owl and Nightingale players during Religious Emphasis Week at Gettysburg College, according to an announcement today by Dr. Richard A. Arms, director of dramatics.

The public is invited to attend the production February 15 at 7:30 p.m. in the new Student Union auditorium on the campus. All seats are reserved. Complimentary tickets may be obtained by writing Dr. Arms at the Gettysburg College.

**Produced On Broadway**

The play is set in Salem, Mass., in 1692 during a witch hunt which brought death to scores of innocent people. Playwright Miller portrays with dramatic intensity a rising tide of mass hysteria inaugurated by a group of adolescent girls, repressed by a stern puritanism but said to have consorted with the devil in a nearby forest. Scapegoats are forced to "confess" and implicate others or be hanged.

"The Crucible" was first produced on Broadway in 1953. It was later seen by British audiences and filmed by a French company. Students cast in principal parts are: Douglas Truax, Berwick; Miss Lois Inman, Towson, Md.; Paul Herman, Lancaster; David L. Bennett, Lewisburg, and Royce A. Dendler, Berwick.

Miss E. Louise Collins, daughter of Mr. and Mrs. Jennings B. Collins, 75 E. Broadway, will play the role of Sarah Good.

## Hopes For Early Spring Are Jolted By Groundhog

Hopes for an early spring were handed a frosty jolt today when a cranky little animal supposed to be a weather prophet stuck his head out of his winter residence and saw his shadow.

This, in groundhog folklore, means six more weeks of winter. Adams County groundhogs were reported agreeing with "official" brethren at Quarryville and Punxsutawney who announce to the world each year their important pronouncements on what the calendar has always called the last six weeks of winter.

**Traced Back To Romans**

It would have taken bad timing, indeed, for a groundhog to fail to see his shadow today as he ventured at look at the outdoors, chilly breeze uncovered blue skies for much of the day and only the occasional clouds obscured the sun briefly.

From Punxsutawney came a report that "Punxsutawney Pete" had seen his shadow at 7:29 this morning and had immediately barked his forecast: "Bad weather." Presumably he immediately returned to six more weeks of winter slumbers.

Sam Light, the president of the Punxsutawney Groundhog Club, says the ground hog day celebration idea was brought to

Joy Lutheran charge, who numbers among many community service positions the chairmanship of the county board of public assistance, has been appointed by Governor David L. Lawrence as chairman of the Adams County committee for the White House Conference for the Aging.

The conference, the first of its kind ever held, will be conducted in March, 1961.

The Rev. Mr. Held has been notified that he will be called to Harrisburg soon for a conference of county chairmen when instructions will be given on preparations for the conference next year and procedures to be followed by county committees.

The county chairman will select his own committee. Other local offices currently held by the Rev. Mr. Held include chairmanship of the Adams County Red Cross chapter and the executive secretaryship of the Adams County Heart Association.

## TOWN BALANCE IS INCREASED IN LAST MONTH

Digging permits brought \$7,473 into the borough treasury during January, according to the financial reports presented at Monday evening's meeting of the Gettysburg borough council.

The digging permits were listed in the report of Burgess Wilbur Plank who collected \$8,718.70 during the month. His other collections included \$905 in parking fines, \$27.80 for five building permits and \$288.15 theater tax.

The report of Treasurer Harry D. Ridinger showed \$13,539.99 income during the month including \$5 from Kenneth W. Johns, \$95 from Justice of the Peace Robert P. Snyder, \$37.50 from Cloyd Shetter, \$3,518.99 from the parking meters, \$8,718.70 from the burgess and \$1,164.80 from the tax collector.

Expenditures during the month included \$1,666.93 for general government, \$4,340.81 for protection to persons and property, \$3,842.57 for highways, \$827.32 for electricity and \$1,364.25 for recreation, a total of \$11,982.08. The town began the month with a balance of \$60,126.13 and ended with a balance of \$61,684.04.

Chief of Police Jack Bartlett's report showed ten criminal and 12 traffic arrests made by the police during the month. Eight accidents were investigated along with 258 complaints. Twenty escorts were provided and 49 "assistants" were rendered other departments. Five wallets were reported lost and four found. One bicycle was reported lost and found. Two stolen cars were recovered and three missing persons located.

## PASTORS HEAR J. W. SHAINLINE

Life's stresses and strains and their effects on human behavior were discussed for members of the Adams County Ministerium Monday by John W. Shainline, dean of students at Gettysburg College. The county pastors held their monthly meeting at St. James Lutheran Church here with their vice president, the Rev. Norman Marden, Bendersville, presiding.

Dean Shainline's topic was "Selye's Stress Concept and Human Behaviour." He told the pastors that "stress is the whole wear and tear, the speedometer of life" and spoke of "the inner drunkenness from stresses and imbalance of life."

He spoke of the importance of "learning to live in harmony and in cooperation with the laws of life" and said the "spirit of gratitude is one of the most helpful" because of the wholesome reactions it brings. The important roles played by rest and diversion also were pointed out by the speaker. A general discussion period followed.

Devotions at the opening of the meeting were conducted by the Rev. Robert A. MacAskill, local Presbyterian pastor, and there was a brief business meeting at which committee reports were presented.

The ministerium will meet next on Monday, March 7, in Flohr's Lutheran Church, near McKnightstown, when one in a series of programs will be presented on "The Pastor As Preacher."

## 22 COUPLES LICENSED

Twenty-two marriage licenses were issued by the clerk of courts office during January. The number compares to 24 in January a year ago.

## STATE FIRE MARSHAL TO PROBE BLAZE

A representative of the state fire marshal's office at Harrisburg will be here Wednesday or Thursday to complete the investigation into the fire which badly damaged the Adams House and Eberhart Apartments Saturday.

Fire Chief Francis I. Linn, still confined to bed by sickness, Monday afternoon called the state fire marshal's office to arrange for the investigation after conferring with First Assistant Fire Chief Robert Hartman, who was in charge at the fire.

Linn said the state fire marshal's office normally visits the scene of all major fires but that he had called in order to speed the arrival of the marshal in order to "clear up the exact cause of the fire."

Meanwhile insurance adjusters Monday inspected the ruins of the building and contractors from Harrisburg and locally are to visit the building within the next few days to help assess the actual damage caused by the conflagration.

Assistant Chief Hartman said today that he was told by an occupant of an adjoining room that Sherman Newberry was the occupant of the third-floor room in which the fire started, but said he had not been able to contact Newberry since the fire to obtain his story of the start of the blaze.

## TOWN SCHOOL BOARD MEETS MONDAY NIGHT

The Gettysburg borough school district will end its fiscal year July 1 within its budget but its share of the cost of Meade school improvements and the new hot water heating system at the high school will cut anticipated year-end balances, board members learned at their February meeting Monday evening at the high school.

With a \$101,000 balance in the general fund and with a \$20,000 certificate of deposit and a recently purchased \$20,000 U.S. Treasury bill, the school board will have adequate funds for current operations, it was pointed out.

Budget making will be up soon, probably in April.

## Have 74 In Night Classes

All members of the board attended the meeting with President Robert H. Deardorff presiding. The report of the treasurer, the First National Bank, showed a \$20,000 certificate of deposit matured last month. Of that sum \$19,768 was re-invested in an interest-bearing U.S. Treasury bill which matures in 90 days but can be converted to cash earlier if necessary.

The borough district made \$30,000 payments to the joint school treasury in December and January, according to reports presented Monday evening. The December 1 balance of \$180,000 has dropped in two months to \$101,000.

Superintendent of Schools H. Edgar Riegle told the board there are 110 enrolled in the adult evening classes being conducted at the high school and 74 of the pupils are from the borough. The local school district pays a share of the cost of the classes on the basis of the enrollment of pupils from the borough.

## Meet Again On Monday

The board approved payment of expenses for Mrs. Richard Folkenroth, secretary in the superintendent's office, to attend a training session on school records to be conducted at Harrisburg by the state on March 24.

There was also a general discussion of many phases of school operations and problems.

The directors, who were in session last Thursday for a special joint board meeting, will meet again Monday evening as members of the joint school board for a regular session at which an architect for the new high school addition is to be chosen.

## SPEEDING CHARGE

Gerald Pittman, Gettysburg, was charged by Greencastle police with speeding in Antrim Way, South at 2 a.m. January 21 in an information filed before Justice of the Peace Harry Brewbaker, Greencastle.

## FACE CODE CHARGES

A ten-day notice has been mailed by Justice of the Peace Anna E. Thompson to Robert B. Plank, Cashtown, on a charge of failure to yield the right of way. The charge was brought by state police.

## FRACTURES HIP

Mrs. Alma Lower, Orrtanna R. 1, who was admitted to the Warner Hospital Sunday, suffered a hip fracture in a fall down cellar steps at her home.

## Three Couples Get Marriage Licenses

Marriage licenses have been issued at the office of the clerk of courts to the following couples: Kenneth E. Markle, son of Mr. and Mrs. Russel D. Markle, Biglerville, and Martha G. Laughman, daughter of Mr. and Mrs. Emanuel L. Laughman, New Oxford R. 1.

Alvin A. King, son of Mr. and Mrs. Guy L. King, Littlestown, and Loretta May Helsel, daughter of Mrs. Clara C. Helsel, Waynesboro.

William F. Elme, son of Mr. and Mrs. Robert J. Elme, McSherrystown, and Theresa E. Livelsberger, daughter of Mr. and Mrs. Bernard J. Livelsberger, Hanover R. 4.

## TOWN SURPLUS INVESTED TO GAIN INTEREST

Gettysburg is in such good financial situation currently that the borough council Monday night directed its treasurer to place \$25,000 in short term U.S. Treasury bills "so we can make a little interest."

Council anticipated it will need about all the money it can scrape together before the year ends, but at the moment the town is "sitting pretty" financially. January proved an unusually profitable month because of large scale payment of digging permits and continued increased income from the parking meters.

The town had an income of \$13,539.99 for January, including \$8,718.70 from the burgess and \$3,518.99 from the parking meters and its outlay during the month was only \$11,982.08.

## Problems Aired

Council heard residents of the 200 block of Baltimore St. complain about what has been an old problem of council — a house to the west of the 200 block of Baltimore St., now owned by John Gastley and his sisters without a sewer connection. A half dozen residents of the area were present with Donald G. Weaver, 241 Baltimore St., and Dorsey Rebert, 231 Baltimore St., as their spokesmen. Council assured the delegation that Burgess Wilbur L. Plank, who was unable to be present at the council meeting, is "working on (Continued On Page 3)

## PLAN BENEFIT FOR HOSPITAL

The response to the sale of tickets for the movie at the Majestic Theater next Tuesday evening sponsored by the hospital auxiliary for the benefit of the Warner Hospital "is very encouraging," Mrs. Clark Smith, chairman of the benefit committee, said today.

"We feel most encouraged by the sale of tickets thus far. We have leased the theater for that evening and the entire proceeds will be used for the Warner Hospital. Another attraction is our door prizes. The first door prize will be a home bar donated by Dalewood, of Hanover. Raymond Home Furnishings has donated a card table and there will be other prizes," Mrs. Smith said.

The feature attraction is the movie "Seven Brides for Seven Brothers." Tickets are available at 80 cents each from any member of the committee or at the Majestic box office. The box office will be open as usual the night of the benefit and those who wish to purchase tickets at that time may do so.

There will be one show. News and cartoons will be shown at 7:30 o'clock followed by the feature picture.

## DECIDE TOWN IS NOT READY FOR ZONING

Gettysburg is not yet ready for zoning — although it is sure to come eventually.

That was the announced decision of borough council at its meeting in the engine house Monday evening.

Council President Glenn Guise expressed as his opinion "and the opinion of council" that "we are not ready for zoning." There was no dissent by other councilmen.

The question was put to council by Planning Commission Chairman Kenneth W. Johns.

**Asks For "Answers"**

Johns said his commission had received a communication from council stating it should serve also as a zoning commission. He added that the commission wanted a "few answers" before it replied to council's proposal.

"If council really wants to go ahead and zone—with all that zoning implies, and if council is willing to pay the \$10,000 or more that it will cost to bring in experts to help us with zoning, then your planning commission will be happy to serve as a zoning commission."

"But if you do not really want to zone, but merely want to have that will handle all the hot potatoes and do nothing but meet each problem as it comes up, then we don't want it," Johns said.

**"A Little Too Late"**

Guise's first response was "we're not ready for zoning, even though we know we're going to have zoning some day."

Council backed that up by voting that a letter be sent the plan-

## ZONE MEETING OF AREA LIONS HERE FEB. 29

The Gettysburg Lions Club ranked fourth in the zone in both the "point contest" and in attendance averages at the end of the second quarter of the current club year, the local clubmen learned in a bulletin from Zone Chairman William Schultz of Fairfield read at Monday evening's meeting at the Shelter House.

The Fairfield club led both divisions of the contest at the end of the quarter, the bulletin showed. Dillsburg and New Oxford also ranked ahead of Gettysburg in the "point contest" which takes into account club visits, new members and other factors. Fairfield, York Springs and Dillsburg top Gettysburg in the attendance division.

**Talks On Mutual Funds**

The club was also notified by the zone chairman of plans for a zone meeting here on February 29, a district dinner meeting at Harrisburg March 24 and the charter night for the new Cash-town Lions Club on March 1.

## COUNCIL GETS

er Shop, \$15 to Murray's Greenhouse and \$19 in a social security tax fund payment.

Under general expenses for recreation, the audit lists \$4,843 paid to the school board. That amount goes toward salaries rather than "general expenses." Under arrangements made with the school board, the school board pays the salary of the director and assistants and in turn receives reimbursement from the state for about half the sum. The other half is paid by the town to the school board.

Similarly, the general account audit pertaining to highways does not list the amount spent on highways through the highway aid fund. That separate audit shows \$11,405.16 received from the state. The balance at the beginning of the year was \$1,033.52 and expenditures from the fund totaled \$12,392.29. The amount ended the year with \$111.47 in the bank.

## Street Light Bill \$9,521

The health department outlays were \$338.45 for chemical insecticides and \$110 for the Vogel-Ritt Company.

The report showed street lights cost the town \$9,521.19: traffic lights, \$725.74; engine house, \$539.89; highway garage, \$10; the police signal, \$12, and Christmas lights, \$168.10.

According to the report, the \$3,728.01 received in foreign fire insurance tax was turned over to the firemen's relief fund, \$906 went to the fire company for equipment, \$65.08 to the highway aid fund, \$1,000 was given the library. Flowers purchased cost \$45.45 and \$19.04 went into the Social Security tax fund.

The police pension fund began the year with a balance of \$6,655.52; \$4,145.92 was received from the state, \$15,801.88 from cashing in prior insurance accounts and \$1,000 was donated from the general fund of the borough. Expenditures included \$1,012.58 to New England Life Insurance Co., \$2,916.96 Minnesota Life Insurance Co. and \$20,000 placed in trust at the First National Bank, leaving a balance of \$3,673.78.

The audit showed \$1,500 still being held to cover that amount of 1906 sewer bonds which have never been cashed in. The report of the Eichelberger and Stahl funds shows a corpus amount of \$6,471.75 and assets of \$2,276.48.

The auditors' report was signed by S. Richard Eisenhart, John W. Hewitt and John W. Fox.

# RECRUITING TEAM PLANS COLLEGE TALK

A federal service recruiting team representing two commands at Mechanicsburg—Naval Supply Depot, and Ordnance Supply Office—will speak to Gettysburg College students on Thursday, February 11.

Recruiters Lieutenant Carl N. Dughi, OSO Advanced Logistics Division officer, and Dr. Vernard F. Group, NSD training division director, will present a program designed to interest college juniors and seniors in a career in federal service at Mechanicsburg following graduation.

While the recruitment program is designed primarily for upper classmen, any student may participate.

Dr. Group pointed out that, despite a recent employment cut at Mechanicsburg, recruiting must continue to fill professional and technical positions vacated through normal employee turnover. Recruitment sessions are planned to include a presentation on the federal service entrance examinations and a discussion on other entrance requirements, opportunities for advancement, types of positions available and opportunities for advancement. This phase of the program will be conducted by Dr. Group.

Lieutenant Dughi will direct the session on Technical Specifications as applied to the function and the mission of the Navy's three supply demand control points at Mechanicsburg — OSO, ships parts control center, and submarine and reactor parts supply office.

Interviews will be held with students who pass the entrance examinations and the Civil Service Commission will then be requested to certify them for employment at Mechanicsburg.

## TOWN SURPLUS

(Continued From Page 1)  
this," and urged the residents to take their complaints to him. Council also asked the residents if they would back up their statements as witnesses in any legal proceeding.

Street lights caused one problem. Council voted to direct the Metropolitan Edison Co. to install street lights at S. Hay and W. Middle Sts. and at the entrance of the Library parking lot on Wall St. They voted to ask Metropolitan Edison to investigate what can be done about more light on the block of N. Washington St. between the railroad and Water St. But Councilman Mahlon P. Hartzell Sr. said "you can't have light and trees both."

Council directed an ordinance be drawn providing for parking on the west side only on the first block of Fourth St. from York St. to the railroad.

### To Restrict Stratton Parking

Council also directed an ordinance be drawn permitting parking on the east side only of N. Stratton St. from the railroad to E. Lincoln Ave. The only dissenting voice was that of Councilman Mahlon P. Hartzell, who resides on E. Lincoln Ave., and told council that both sides of N. Stratton street are needed for parking. Council then directed that the ordinance committee, which Hartzell heads, draw up an ordinance by next month establishing the one side of the street parking.

Councilman George W. Naugle reported the hours for meter operation are not being painted in large letters on the arch at the top of the meters.

Approval was given for the highway committee to purchase 100 street signs.

### To Gather Opinions

Councilman Richard Smith presented a request of a trailer court at the rear of the Ellis Smith garage on S. Washington St. for a street light since a dozen or more house trailers are there. The matter led to a discussion of whether the alleys leading to the lot are ordained. The question of the street light was not decided.

Councilman Naugle asked if his committee, assigned to study whether the taxi stalls should be moved from Lincoln Square, may have permission to ask the planning commission's opinion on the matter before the committee completes its report. Council gave the permission and Planning Commission Chairman Kenneth Johns said his group will be "happy" to discuss the matter with Naugle's committee, "even though we can't do more than give you our opinions."

Mrs. James Schwenk, third ward councilwoman, praised the work of the Gettysburg firemen in fighting the Adams House blaze and said council should "commend the firemen for their fine work." Councilman Naugle said "maybe now someone will appreciate that ladder truck."

### Some Questions Answered

Councilman Attorney John D. Thrush asked council if it wishes to see street lights made at Littlestown for possible installation in Gettysburg. Council President Glenn Guise said the lights would be "too expensive" but said he would enjoy seeing them.

Councilman Clyde DeHaas asked about advertising signs on borough owned land in Cumberland Twp. He was told that council did not charge for the land use but accepted donations.

After DeHaas brought up the need for a new typewriter for the secretary, the secretary was authorized to advertise for bids for a new machine. DeHaas also queried council on: "Who is the janitor's boss, council or who?" He was told that Janitor Donald Jacobs is under the authority of the burgess in matters pertaining to the operations of the engine house for the borough and under the equipment foreman in matters pertaining to fire equipment.

President Douglas W. Smith presided at Monday's meeting with 62 Lions and guests in attendance. He referred to the finance and the civic improvement committees a letter from the Gettysburg Battlefield Preservation Association asking the Lions for a contribution.

Marion Peck, Camp Hill, talked on "Mutual Funds" which he described as the "fastest growing and most competitive" development in the financial world. He pointed to the "phenomenal growth" of mutual fund organizations in the last decade, discussed various types of funds and advised prospective investors to examine prospectuses, past performances and investment policies of funds before making a choice. He showed a film "Time for Tomorrow" which represented mutual funds as meeting investment needs of modern families.

The speaker was introduced by Sterling Musselman.

for finance, \$1,000 for health, \$9,500 miscellaneous, \$14,000 for recreation, \$12,000 for utilities and \$15,000 for a new sweeper and a new police car.

The miscellaneous budget of \$9,500 compares to \$5,663.58 spent for miscellaneous purposes last year. Queried about the figure, Weishonke said it would provide "a new typewriter for our secretary and other things."

The \$14,000 scheduled for recreation is \$3,000 more than allotted last year, but the finance chairman said the extra amount is needed to meet the needs of the expanded program.

### Consider Police Raise

Highway's budget of \$48,000 is \$2,700 over the amount spent last year, \$8,000 higher than the amount budgeted last year. It is also about \$12,000 less than the amount that will be spent because the state appropriation for highways is not included in the borough's "general fund" budget. Last year the total amount spent on highways was, according to the audit, \$57,719.82 including the state aid money. The amount spent from general funds for highways was \$45,327.53.

The \$53,000 budgeted for safety is \$3,000 more than last year, with the finance chairman indicating that a raise for the policemen is being contemplated. The \$12,000 for utilities is the same as last year and the \$16,300 for finance is the same as last year, but \$1,200 more than was spent under that heading last year.

FIFTY YEARS AGO

**Council Would Stop Coasting**  
On Streets: The Gettysburg Town Council had a busy session on Tuesday evening and transacted a great amount of important business among which was the passing of an ordinance prohibiting coasting on the streets of the town. Burgess Holzworth has stated to a representative of The Times that he will not sign the ordinance so that, even if the Council would pass it over his veto, it will be some time before the young people of the town, and the older ones too, will be compelled to desist from this winter pleasure.

**Chose Design For Monument:**  
The Virginia Gettysburg Battlefield Monument Commission, which has been in session in Richmond several days, has made known the result of its labors in the work of selecting a design. The commission fixed on the design submitted by W. F. Williams Sievers, of Washington. It is an equestrian statue, with General Lee on "Traveler," the horse he rode during the Civil War, and the base of the monument is surrounded by soldiers of the three branches of the service. The memorial is expected to be among the most handsome and most striking on the battlefield. The site on West Confederate avenue overlooking the scene of Pickett's Charge, which was selected several months ago, will be the place for the erection of the memorial.

**Arendtsville:** At this writing we have plenty of snow and good sledding. Tuesday Miss Eva M. Boyer, teacher of School No. 2 in this place, took her pupils on a sleigh ride to visit the Biglerville school. Miss Annie K. Sheely is visiting her brother, Dr. C. A. Sheely, in Harrisburg.

Owing to the good sled roads our millers here Robert B. Myers, the Arendtsville roller mills and Lawrence E. Myers, at the Spring roller mill, are getting in a full supply of wheat from the farms in this section.

**Picture Show Licenses:** William Hersh, Esq., and J. L. Williams, Esq., passed appeared before Council asking that the recently passed ordinance requiring 50 cents a night license from the motion picture shows be revoked. The Ordinance Committee was ordered to investigate the matter and to report at the next meeting.

Mr. Hersh represented Mr. Walter and called attention to the fact that his moving picture show is being run at a loss. In December he claimed the loss was \$149.95 and in January \$49.45. Weekly expenses were placed at \$21.50. Mr. Hersh also cited the licenses paid in other towns and cities in this section the average being about \$50 per year while the new ordinance would make it about \$150 here.

Mr. William, represented David J. Forney and stated that, while the Wizard was not being run at a loss, it was not flourishing to such an extent that it could afford to pay the license asked. He presented a petition signed by a large number of citizens calling attention to the enjoyable and profitable character of the entertainments provided at the Wizard and asking that the license fee be lowered.

**Many To Take Census Test:**  
On Saturday the examination for the census enumerators in Adams County will be held in the High School building. There will be about 100 candidates to be examined.

**Arendtsville To Get Water:**  
At a meeting of the Town Council of Arendtsville held Friday evening the matter of furnishing the town with water by the company recently formed in that place was presented and, though no action was taken, it is understood the body is unanimously in favor of the proposition.

# Today's Talk

MONEY

In itself money is a pretty sordid thing but, like the rafters that hold up your home, it warms and shelters you in weather both fair and foul.

Money is able to lead you to your best desires. But the first, foremost and most important element about the earning and making of money is that money should become your friend and servant — not your master.

"Riches," once wrote Charles Lamb, "are chiefly good because they give us time — all one's time to one's self! For which alone I rankle with envy at the rich. Books are given, and money to buy them is therefore good — but to buy time — in other words — life!"

Money must feed us, clothe us, take us around the world, introduce us to trees, strange cities, interesting people and wonders and fantasies — if you will — but it must not browbeat us, it must not threaten us, it must not undecimate us.

Money is very good to us if we are good to it. But the great ambition in money-getting should be that it may place us in the position to forget money. For only as we recognize the means of money are we able to influence the power of our personality and good works on the world.

I have always noticed that with the great massing of wealth, people seem to have more comfort and greater pleasures, but less happiness, so that, after all, wealth is but a means — a track, as it were — over which to travel, not to own.

Get money! Earn it! Live off of it! But drop it as you go — not leave it after you are dead.

Tomorrow Mr. Adams will talk on the subject: "Tools"

**CRITICISM**  
He knows just why another fails.  
He sees another's deeds  
unwise;  
The greatest glory quickly pales  
When he begins to criticize.

There's none so good on earth  
but he  
Knows something that with  
him is wrong;  
It seems his joy in life to be  
A censor of the moving throng.

Yet men still climb toward  
success;  
And men are still attaining  
fame  
And finding peace and happiness  
Where he is only finding

And he may wake to this some

And reap the sorrow that it  
brings;  
That criticism doesn't pay;  
Despite it, men keep doing  
things.

# PA. DELEGATION TO RUN AGAIN

WASHINGTON (AP)—Pennsylvania's 28 House members will seek reelection in November, a poll of the delegation showed today.

Most have formally announced their candidacy for the next—the 87th—Congress.

With two vacancies due to recent deaths, the delegation ranges in experience from first termers to ranking House members like Rep. Francis E. Walter, Easton Democrat, who has been here since 1933.

Walter announced his candidacy for reelection over the weekend. Filing of nominating petitions begins Wednesday with the deadline Feb. 23.

In addition to his position as dean of the Pennsylvania delegation, Walter has been in the national spotlight for many years as chairman of the House Committee on Un-American Activities.

Ranking Republican among the Pennsylvanians is Rep. Irvor D. Fenlon, a Mahanoy City physician who gave up his practice years ago to enter politics. He was first elected in 1938.

men of the upper end town oppose the company: H. P. Mark, C. H. Klepper, Dr. Wm. E. Wolff, H. W. Trostel, P. E. Raffensperger, A. F. Trostel and Emory Sheely. Officers have not yet been elected. It is the plan to furnish water for the town for fire protection as well as for private use and consumption.

It is planned to pipe the pure mountain water from the property of George Albert about two miles from Arendtsville. It is also the plan to place the reservoir at the farm of Mrs. Raffensperger above Arendtsville.

# PREVENTIVE PRACTICE IS URGED UPON PA. LAWYERS

PITTSBURGH (AP)—Pennsylvania lawyers today were urged to practice preventive law with an annual legal check-up of clients free of charge, except for cost of overhead expenses.

Preventive law is designed to establish safeguards against legal difficulties that may not be immediately apparent. It is practiced through a system of periodic check-ups whereby the lawyer reviews a client's legal status concerning personal and business affairs.

In a speech prepared for the annual meeting of the Pennsylvania Bar Assn., Hugh W. Brenne-man of Lansing, Mich., a member of Michigan's bar, said:

"The wise lawyer... will base his charge on the cost of his overhead for the period involved in giving the check-up, and render his personal advice and time gratis."

In a Monday night session, the association's Board of Governors named State Sen. Thomas A. Ehrsgood (R-Lebanon) to receive the 1960 Distinguished Service Award.

Ehrsgood was honored for writing a law that provides split verdicts in murder trials.

The act, passed by the 1959 state legislature, requires murder juries to first determine the innocence or degree of guilt of the defendant. If a first degree verdict is returned, the juries must hear additional evidence on the defendant's past record before determining the punishment — life imprisonment or death.

Newly elected zone representatives on the 1960 board of governors are Francis Hopkinson, Philadelphia; Russell L. Hiller, Reading; C. Vincent Henry, Lebanon; J. Neafie Mitchell, Williamsport; Judge T. Linus Hoban, Scranton; S. Knox Hunter, Pittsburgh; George J. Barco, Meadville; Tillman K. Saylor Jr., Johnstown; A. Sidney Johnson Jr., Delaware; George P. Kiester, Butler, and Edward T. Kelley, Clearfield.

# RULES ON EGGS ARE EXTENDED

HARRISBURG (AP)—State regulations requiring marking and labeling of containers used in retail marketing of eggs will be extended Feb. 20.

John L. Rainey, director of the Bureau of Markets, said Monday all consumer egg containers must be marked plainly and conspicuously with a statement of the grade, weight class, the date the eggs are placed in the package and the name and address of the producer, packer or distributor.

The Agriculture Department previously required marking and labeling of only six and 12-egg cartons.

Alternatives to the dating regulation include marking the date of delivery or the "off-sale" date, providing the producer, packer or distributor registers with the department the system of dating to be used, he added.

Receptacles may also be marked "not classified" with the date and name and address of the producer, packer or distributor. "Not classified" shall indicate eggs of edible quality which are not segregated according to official Pennsylvania grades or weight classes.

# Man's Death In Fire Accidental

BEDFORD, Pa. (AP)—The death of Harry Sleghter, whose body was found after a raging fire at his home, was ruled accidental Monday by Bedford County Coroner J. H. Knisley.

An autopsy showed Sleghter, 76, died of suffocation and severe burns, Knisley said.

Sleghter's body was found Sunday on the kitchen floor of his home four miles south of Bedford along Route 220. State police asked for the autopsy after reporting the fire was of suspicious origin.

The blaze started when Sleghter apparently tried to start a fire in a coal stove with gasoline, police said.

# Negro Nominated By Presbyterians

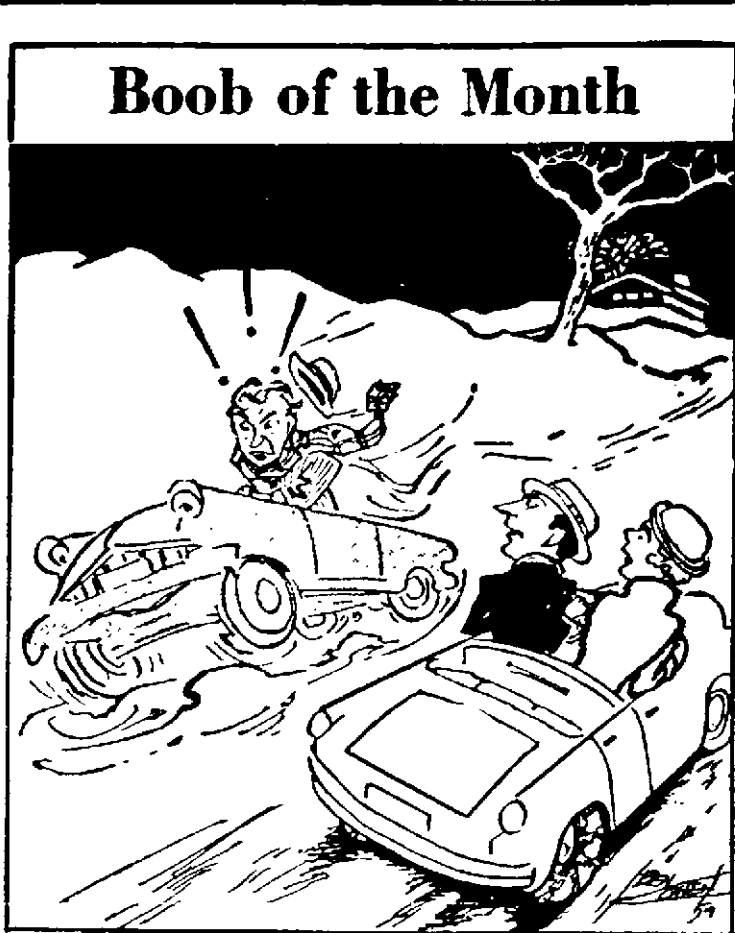

NEW YORK (AP)—A Negro minister has been nominated for the highest elective office in the United Presbyterian Church.

The Presbytery of New York Monday nominated the Rev. Adler G. Hawkins for the post of moderator. The Rev. Mr. Hawkins is moderator of the 62 churches in the New York Presbytery.

He will be a candidate at the church's General Assembly May 18 in Cleveland, Ohio. If elected, he would be the first Negro to achieve such eminence in a predominantly white church organization.

The United Presbyterians' three million members live mostly outside the Southern states.

# GATES SAYS U. S. IN FIRST RATE POSITION

By JOE F. KANE  
WASHINGTON (AP)—America's over-all military strength is "first rate, first position" although the Soviet Union will have moderately more missiles for a couple of years, says Secretary of Defense Thomas S. Gates Jr.

Gates said again Sunday he believes the United States is strong enough to prevent the Soviet Union from starting a war. He said the nation will begin catching up with the Soviet missile lead in 1962.

Gates said in a television interview "we are expanding our missile program, putting missiles on our bomber force and bringing in to operation Polaris submarines which we believe will offset any so-called missile gap, at least from the point of view of the validity of our deterrent."

**Similar Views By White**  
Gen. Thomas D. White, Air Force chief of staff, spoke along similar lines in another television interview. He said the Soviets may be ahead in missiles but in the whole defense picture "I don't think we're behind at all."

White said the American missile and defense program is properly balanced and "will continue to give us the deterrent capability we desire."

Like Gates, White said he thought the United States was strong enough to prevent the Soviet Union from starting a war.

The statements by Gates and White were in sharp contrast to defense appraisals by several congressional Democrats. Senate Democratic Leader Lyndon B. Johnson of Texas said Friday the U.S.S.R. will have an enormous advantage in missile striking power in the near future.

# Fires Oral Blast

Sen. Ralph Yarborough (D-Tex.) said Sunday in a taped radio interview, "We're woefully behind. We're frightfully behind and I think we ought to have a crash program to catch up."

Gates' position got new backing from Sens. Kenneth B. Keating (R-NY), Jacob K. Javits (R-NY) and Karl Mundt (R-SD) and Rep. Leslie C. Arends (R-Ill.).

Arends fired a verbal blast at critics of the defense program. He said the U.S. missile program is sound and orderly.

**Could Destroy Reds**  
Keating said the United States has enough nuclear striking power to destroy the Soviet Union. He added the Soviets know this. Javits said Democratic critics haven't proved their claims that there is a defense lag.

Mundt said he thinks some of the defense program criticism is based on political opportunism.

# BLAST TRUCKS OF 2 PAPERS

PORTLAND, Ore. (AP)—Two strings of parked trucks — which hauled for Portland's two truck daily newspapers—were blown up late Sunday night in Portland and nearby Oregon City.

Dynamite charges were used to blow up four trucks here, police said, and apparently was used on the six trucks blasted in Oregon City.

The explosions jolted a large area in Portland and Oregon City, 13 miles southwest.

There were no reports of fatalities or injuries.

The explosions here occurred at a warehouse in the heavily industrialized northwest section of the city.

A police demolition squad found an unexploded charge of dynamite in the cab of one truck. Its fuse had gone out.

A spokesman for the Oregonian said the trucks were owned by firms which did contract hauling for the Oregonian and Oregon Journal, the city's two dailies which were struck Nov. 10 by the Stereotypers Union.

# BURIED ALIVE FOR 26 HOURS

WINDEMERE, B. C. (AP)—James Duke, 69-year-old highway department employee, was buried for more 26 hours under an avalanche of snow.

When rescuers reached him Sunday, he asked: "Did someone remember to feed and water my dog?"

Duke, working at a project 14 miles from the Alberta-British Columbia border, was buried early Saturday by more than 30 feet of snow. When more slides threatened late Saturday night, rescuers left convinced Duke was dead.

"I could see daylight through the snow," Duke said from his hospital bed here, "and knew when it was night and the men left. I knew the fellows would be back but the night was long."

"I kept thinking the same things over and over. I knew the men would be back. It was cold. I may have slept. I can't really remember."

The men did come back with bulldozers to clear the slide and hunt for Duke's body.

Duke said he "lay in fear the blade would take off my head." He finally managed to thrust an arm through a cleared spot and wave. He was saved from suffocation by a nearby air pocket.

Duke was reported suffering from exhaustion and a few minor cuts, but otherwise was in good condition.

# RUSSIA FIRES SECOND ROCKET

MOSCOW (AP)—The Soviet Union fired off a second powerful rocket Sunday, hitting the target area in the Pacific and ending the current tests. Tass announced Monday.

The official news agency said the 44,000 square miles of the mid-Pacific marked off by the Soviet Union Jan. 8 once more is open to planes and shipping.

The first rocket was fired Jan. 20. Moscow announced that it landed little more than a mile off target. The announcement of the second shot did not specify how close it came to the actual target.

The announcement did not give the distance the rocket traveled Sunday. It calculated the first rocket covered a distance of 7,760 miles and missed the target by only 1.24 miles. (The second rocket presumably was launched from the same site, believed to be in the Caspian Sea area.)

The announcement said the latest firing, had completed the tests of a new rocket intended to launch heavy earth satellites and make space flights to planets of the solar system.

# 'THE FABULOUS FIFTIES' SCORE SUNDAY NIGHT

By CYNTHIA LOWRY  
AP TV-Radio Writer  
NEW YORK (AP)—"The Fabulous Fifties," Sunday night's two-hour CBS special, may not be the final summary of the decade just passed, but it certainly tried to touch all parts of our life.

Events during 10 years — 3,652 days—are difficult to compress into two hours of TV time, including the commercials. The producers tried to include everything from the national debt to an obituary list, and also threw in a few comedy sketches and even literary readings.

Leland Hayward borrowed from so many sources and used so many stars that the credits—with the stars carefully listed in alphabetical order—took almost five minutes at the end of the show. It was big, but no one program could possibly have been big enough to cover all the ground it attempted. As a consequence the show was ragged and broken up into unsatisfactory bits and segments. There seemed to be no one idea in its approach.

**Ambitious And Impressive**  
At the outset, songs and faces flashed before us in a kaleidoscopic fashion. But then, just when we settled down to get nostalgic over a picture of Mike Todd and Liz Taylor or to hear a bit of Van Cliburn's music, the mood and the pace changed.

Television itself, however, came in for its own share of kidding. Two sketches were among the evening's most amusing. In one, Suzy Parker burlesqued TV commercials and in another Mike Nichols and Elaine May had one of their magnificent cliché conversations about the quiz show scandals.

It was an ambitious, impressive and certainly expensive show. It would have been more entertaining if it had been more disciplined.

**Musical Lover's Delight**  
Sunday afternoon was a musical lover's delight.

First NBC turned its opera company loose on an English language version of "Cavalleria Rusticana." The music was delightful, the voices fine and—for those fortunate enough to have seen it in color—the settings were like a breath of spring.

This was followed immediately on CBS by a Leonard Bernstein-New York Philharmonic program. Prime interest in that centered on Igor Stravinsky conducting the orchestra in portions of his "Firebird Suite."

Then ABC presented a fine analysis of the independence movement in Africa — thoughtful, fair and sympathetic to the apparently irreconcilable viewpoints and emotions involved.

WASHINGTON (AP)—The Census Bureau estimates the nation's population at 179,472,781 as of 8 a.m. Monday.

This was the calculation made for the bureau's "Census Clock," a counting device installed in the Commerce Department lobby.

The population estimate a month ago was 179,254,194.

HAVANA (AP)—The Kremlin is sending one of its top officials — and salesmen — to Havana this week to open the Soviet Scientific and Cultural Exhibition.

Moscow newspapers said First Deputy Premier A. I. Mikoyan had accepted an invitation to open the Soviet exhibition Thursday. It was not known how the invitation was relayed since Cuba and the Soviet Union do not maintain diplomatic relations.

## Warriors Invade Hanover To Open Second Half SP Race; Junior Hi At Home

Opening of the second half race of the South Penn Basketball League and several important games in the Adams-Franklin highlights tonight's sports program.

Gettysburg High takes on Hanover in the Nighthawks' floor in a SP game which will mean much to the winner in seeking second half honors. The Warriors upset Hanover here in the first half 57-49 but tonight will probably find the Hawks a particularly tough customer on their home court. Hanover was the pre-season favorite to win the league title but its loss here and another to Chambersburg dropped it from contention in the first half. The Warriors and Hawks finished their first half schedule with identical 3-2 records.

In Jim Heilman, the Warriors will be facing probably the best individual performer in the league. He currently leads the individual scorers.

The junior varsity game will start at 6:45.

Biglerville, winless in the first half, has high hopes to record its first victory when it entertains Carlisle this evening. Carlisle's lone first half triumph was at the expense of the Cannons 47-34.

Waynesboro plays at Chambersburg in the other league battle.

**A-F Has Key Games**

Top game in the Adams-Franklin-Circuit will be the clash between unbeaten Littlestown (9-0) at Bermudian (7-3). Bermudian must win to stay in the race for the Adams Division laurels. New Oxford, also 7-3 and winner of three straight, also needs a victory and should top invading Fannett-Metal (1-9).

Other league games include Fairfield (3-7) at Scotland (6-3), Greencastle (8-2) at Quincy (3-7), and St. Thomas (1-9) at James Buchanan (4-6).

**Junior High Card**

Four games are scheduled today in the South Penn Junior High League.

Gettysburg (2-4) engages Hanover (4-1) here this evening, the preliminary game starting at 6:30. Biglerville (2-4) plays at Carlisle (6-0), Washington Twp. (1-4) is at Waynesboro (4-3), and Shippensburg (2-2) meets Faust (1-5) at Chambersburg.

## 7,648 FANS SEE 2 KNOCKOUTS

PHILADELPHIA (AP) — Len Matthews and his stablemate, Von Clay, won impressive knockout victories here Monday night, but the real news may have been the crowd figures and gate announced by promoter Herman Taylor.

With the possibility television may soon desert boxing, there has been a lot of pro and con whether the gate would prosper.

Philadelphia fans apparently provided their answer with action. Taylor announced a crowd of 7,648 and a gate of \$25,707 for his double windup non-TV attraction. Short of a title bout it easily was the largest fight crowd here in a decade.

**Clay Is Unbeaten**

Clay, unbeaten light heavyweight, clobbered Artie Miller, 180½, of New York. A series of right and left hand combinations decked Miller for the count at 2:21 of the seventh round.

This was win No. 11 for Clay, 173, and his 10th kayo. Matthews decked Johnny Busso of New York first with a left hook, then did it again moments later with a left hook and a right—all in the opening round.

Matthews, who weighed 135 to 130 for Busso, earned win No. 22 against 3 defeats and a draw.

The rookie of the year in the Texas League for 1959 was Al Nagel of Amarillo. An outfielder, he will report to the San Francisco Giants.

## ROBERTSON SCORES 36 TO SET MARK

CINCINNATI (AP) — Through high school and college. All-America Oscar Robertson has amassed a file cabinet load of honors, awards and scoring records in school, conference, arena, state and NCAA play.

When he swept past the three-year scoring record for major college players Monday night, Oscar was quiet, unemotional. It was one mark among many.

It was a good night for Oscar. He scored 36 points; he and his teammates beat Drake handily, 96-61; his mother was on hand and so was the girl he plans to marry next summer.

**"Cal Coolidge" Of Courts**

He started the game needing only four points to break the mark of 2,538 points set by Frank Selvy after 78 games with Furman, ending in 1954. He had the four points after 5½ minutes.

If Robertson is explosive on the basketball floor, he is conversationally thrifty in the locker room. The Calvin Coolidge of college basketball had little to say after the game.

"You really set the record in great style, Oscar," said one fan. "Thanks."

"How do you feel about setting a new three-year scoring record, Oscar?"

"How would you feel?"

"Were you any more nervous about going into this game than in any other game?" asked a reporter.

"Naw, never felt any different."

"You had a great night from the free throw line," said one man.

"It's about time," said Oscar, who sank 18 of 20 tries.

The victory was the 15th in 16 Cincinnati games this season and coach George Smith at halftime came onto the playing floor and gave Oscar the game ball used to break the record. He called Robertson "the greatest basketball player in the world."

Oscar had only his usual faint smile and accepted the ball wordlessly.

## Robertson Shatters Three Year Cage Scoring Record

**By DON WEISS**

**Associated Press Sports Writer**

Cincinnati's great Oscar Robertson, that three-year major college basketball scoring record finally in the bag, can turn his attention today to the all-time scoring mark for big school players.

Such a guy is the Big O that he's all but a cinch to bust the next one in his next game, Saturday against Houston.

All-America Oscar flipped in 36 points in a 96-61 rout of Drake Monday night and shattered the three-year record of 2,538 points set in 78 games by Frank Selvy of Furman.

Robertson, heading for an unprecedented third straight national all major scoring title, now has 2,571 points in 75 games as a varsity player for the top-ranked Bearcats, an average of 34.3 a game. This year he's traveling at a 35.82 average with 609 points in 17 games.

**Needs 17 Points**

So it ought to be easy for Oscar to get the 17 points Saturday he needs to break his major all-time career record of 2,587. It was set in four seasons up to 1955, covering 104 games, by Dickie Herrick of Wake Forest.

Only three points shy of Selvy's mark as he started play Monday night, it took Oscar but 5½ minutes — two breakaway layups — to establish the record. He went on to collect nine field goals and 18 of 20 free throws as Cincinnati nailed its 16th victory in 17 tries and pulled into a first-place tie at 5-1 with idle Bradley in the Missouri Valley Conference. At halftime, the game ball was presented to Robertson.

**Ohio Beats Michigan**

Fourth-ranked Ohio State (14-2) won its sixth Big Ten game without a loss, 99-92 over Michigan; All-America Jerry West scored 39 points and grabbed 23 rebounds as fifth-ranked West Virginia (17-2) routed VMI 101-71, tenth-ranked Texas A&M (13-1) beat San Francisco, 69-65 in overtime, and Idaho State (15-3) and Providence (11-3) extended their winning streaks in other Monday games.

Idaho State defeated Creighton 82-65 for its 11th straight — the longest streak running, while Providence walloped Niagara 68-43 for its eighth straight.

Lance Olson and Horace Walker each scored 24 points as Michigan State routed Minnesota, 84-63 and Indiana clipped Northwestern 76-58 in other Big Ten games. In the Big Eight, Colorado grabbed second place behind idle Kansas State with a 70-55 decision over Iowa State, and Nebraska won its first conference game and snapped a five-game losing streak 64-59 over Missouri.

**Wins In Overtime**

Art Musselman's 24 points and 21 by Dick Jones triggered The Citadel's 84-55 Southern Conference record 5-2 by nipping Mississippi State 51-47 in overtime. Larry Pennington's 33 points helped Alabama to its first conference victory, 61-54 over Vanderbilt; Mississippi drubbed LSU 76-61, and Tennessee got 27 points from Glenn Campbell in an 84-68 victory over Florida in other SEC games.

New Mexico State (14-3) won its seventh straight, 78-66 over New Mexico.

## D-SON SWIM SQUAD HERE ON WEDNESDAY

CARLISLE — Dickinson College swimmers, winners of 27 dual meets in a row, including two this season, will invade Gettysburg's new pool Wednesday at 8 p.m. intent upon extending their string at the expense of the Bullets.

Coach Dave Eavenson's well-balanced outfit has a solid core of veterans, including four record-holders, and several frosh standouts. Ace of the Red Devils is big Ed Mulligan, the freestyler, who has never been defeated in dual meet competition at 440 yards.

Gettysburg's undefeated 400-yd freestyle relay team will be pitted against the Dickinson quartet that set a new school record in its last outing before the layoff for examinations. With Mulligan as anchor, the quartet set a standard of 3:42.4.

In two outings the Red Devils have defeated the University of Delaware, recent conquerors of the Bullets, and Penn Military College. The Bullets have lost all four of their meets.

## PRO BOWLING LEAGUE LOOMS

LOS ANGELES (AP) — Influential bowling enthusiasts from 10 major cities plan to get together late this month and form a national professional bowling league, a local booster reports.

Leonard Homel, wealthy Los Angeles businessman and bowling alley owner, disclosed the plan Monday. No site for the meeting was announced.

Homel said cities to be represented at the organizational meeting are Dallas, Omaha, Cleveland, New York, Milwaukee, Newark, Fort Worth, San Antonio, Chicago and Los Angeles.

Homel said Detroit, Minneapolis, Buffalo and Seattle also are being considered as possible franchise sites.

The league would operate on a 36-week schedule with seven players on each team. The teams would play half the season at home and half on the road.

## CINCINNATI'S GRIP ON FIRST PLACE FIRMER

**By JACK CLARY**

**Associated Press Sports Writer**

Cincinnati's refusal to crack against The Citadel last Friday night, after a scare by Duquesne the previous Saturday, has solidly entrenched the Bearcats as the nation's No. 1 basketball team today.

The latest Associated Press poll of sportswriters and broadcasters gives Cincinnati 1,612 points, based on 10 for first, nine for second, eight for third, etc. This is 222 more than second-place Bradley, which had to go into overtime to beat Marquette Saturday night.

The Bearcats are also way ahead in first place votes, getting 90, 14 more than a week ago. The nearest team is fourth-place Ohio State, which polled 32.

**W.Va. Fifth Now**

California (16-1) is right on Bradley's heels in points, with 1,304.

Ohio State replaced West Virginia in fourth place, with the Mountaineers taking over fifth after their surprising 94-86 upset by Southern Conference foe William & Mary. It was their first conference loss after 36 consecutive victories.

# TRY TO TEACH WILL TO WIN AT PENN STATE

PHILADELPHIA (AP) — The president of Penn State says teaching the will to win is the objective of college athletics.

"This is what we're doing at Penn State when we're building a strong athletic program," Dr. Eric A. Walker told 500 persons at a Robert W. Maxwell Memorial Football Club dinner Monday night.

Quarterbacks Johnny Unitas of the Baltimore Colts and State's Richie Lucas were honored by the club.

## "Will To Win"

"At Penn State we're trying to teach our students how to make a living and how to live," Dr. Walker said, adding:

"But there's one thing we never teach in formal courses—the will to win! It's this the objective of an intercollegiate athletic system."

He said the leaders he had worked for — George Marshall, Mark Clark, Omar Bradley, Tom Gates and Dwight Eisenhower — all had a will to win.

They also were football players, he added.

The ancient Greeks, tutored by Socrates, knew the importance of competition, Dr. Walker declared.

"I believe the Greeks were the greatest sportsmen of all ages," he said. "They made everything a contest."

# JURY CONVICTS MAN IN MURDER

BALTIMORE (AP)—A 38-year-old mechanic, Edward R. Connor of Camden, N. J., was convicted of second-degree murder Monday night in the death of his former wife.

An all-male jury deliberated 3½ hours before returning its guilty verdict as the climax of a six-day trial in Criminal Court.

Judge J. Gilbert Prendergast deferred sentencing, pending a possible motion for a new trial. The maximum penalty possible is 18 years imprisonment.

## Accusation Made

Connor was accused of running over Dortha Connor, 48, with his automobile last Oct. 25. The Connors were divorced about a month before her death.

Mrs. Connor was described by the defense as an expert in judo.

## Redskins Sign Former Steeler

WASHINGTON (AP) — The Washington Redskins today announced the signing of Richard Lucas—but not the Richie Lucas who was their No. 1 draft choice.

This Lucas is a 26-year-old product of Boston College who played as an end on the Pittsburgh Steelers' offensive unit two years ago. He was idled last season by a knee injury.

Penn State quarterback Richie Lucas was the Redskins' first pick in the National Football League draft for 1960, but signed instead with Buffalo of the American Football League.

## SENATE OKAYS O'HARA FOR PUC BY 42-2 VOTE

HARRISBURG (AP) — Democrats gained control of the Public Utility Commission Monday night when the Senate confirmed William F. O'Hara, Scranton.

The 10-year appointment to the five-member commission was confirmed by a vote of 42-2. Sen. M. Harvey Taylor (R-Dauphin) changed his vote to join Sen. Arthur E. Kromer (R-Indiana) in opposing confirmation.

Approval of O'Hara's name for the \$19,000-a-year post came within minutes after the Senate rejected nominations of two Democrats to the State Tax Equalization Board.

## Loss By Close Votes

Raymond E. Gardlock, former New Kensington mayor, and Herbert J. McGlinchey, former Philadelphia congressman, were defeated by votes of 23-27.

Sen. Frank Koprivier (R-Allegheny) voted with the 22-member Democratic minority.

A two-thirds vote is required for confirmation.

There was no debate on O'Hara's confirmation. Republican opposition to the appointment crumbled last week.

O'Hara was named April 6 to replace William Conly, a Pittsburgh Republican, whose term expired last April 1.

Some Republicans reported opposition to O'Hara had been declining since the Senate approved Robert W. Anthony, former Altoona mayor, to fill an unexpired term on the commission.

## 100 YEAR OLD FLAME READY FOR OLYMPICS

LOS ANGELES (AP) — Squaw Valley's Olympic flame, flown over the top of the world by a liner, arrived in California during a mid-winter rainstorm.

But the carefully guarded flame didn't flicker and the attendant ritualism commenced as scheduled.

Parry O'Brien, Olympic shot put champion, met the plane Monday. Then he and Olaf Groenksar, who accompanied the symbolic torch from Norway, were taken to Memorial Coliseum by helicopter.

## SPIDER WEBB RATED SECOND

PROVIDENCE, R. I. (AP) — Spider Webb of Chicago, a former Olympic fighter, has taken over as the top contender for Gene Fullmer's middleweight crown in the monthly ratings released today by the National Boxing Assn.

Webb replaced Sugar Ray Robinson, who dropped to fifth after his loss to Paul Pender in Boston last month. Pender is No. 4.

Other changes in the middleweight class saw Detroit's Henry Hank moved to No. 3. He also was named Boxer-of-the-Month for his impressive victory over light-heavy Jesse Bowdry.

Former middleweight king Carmen Basilio, idle since losing the title to Fullmer last August, dropped to sixth place from No. 4. Sonny Liston of Philadelphia

## FLOYD SMITH HAS AHL EDGE

NEW YORK (AP)—Floyd Smith of the Springfield Indians has opened a five-point lead over teammate Bill Sweeney and injured Rudy Migay of Rochester in the American Hockey League scoring race.

Official statistics released today give Smith 23 goals and 41 assists for 64 points, a four-point pickup from last week, when he had a one-point margin over Migay. Migay, missed all three Rochester games last week while Sweeney moved into a second place tie with 59 points on a goal and two assists.

## Six Points Help

A six-point spree boosted rookie Stan Baluik of Providence into fourth place with 57 points, one ahead of Art Stratton, who had 56 when the New York Rangers of the National League recalled him from Springfield.

Rochester goalie Ed Chadwick leads in goals - against average with 2.65 for 46 games, while Bobby Perreault of Hershey leads in shutouts with four.

## AUSTIN, Tex. (AP) — Sen. Lyndon B. Johnson (D-Tex.), seeking his third term as senator, apparently will be unopposed for re-nomination in the Democratic primary May 7.

The Senate majority leader is the only candidate to have filed for the Democratic senatorial nomination as of midnight Monday—the filing deadline.

Under Texas law, however, an application postmarked before the deadline is acceptable.

## MEMPHIS, Tenn. (AP) — A 31-year-old Negro will spend a year at the county penal farm for a 60-cent burglary.

James L. Griffin was sentenced Monday. He was charged with taking the money from a cafe.

## Landslide Blacks Out Olympic Site

SQUAW VALLEY, Calif. (AP)—A landslide 50 miles west of here almost completely blacked out communications at this 1960 winter Olympic site Sunday.

Telephone lines and those used by Western Union were out for westbound traffic. Operators in Reno, Nev., 40 miles away, were so busy rerouting calls, that east-bound calls were delayed.

The broken transcontinental cable, not the first in the Sierra area, was partially repaired by 10 p.m. The several hundred circuits were restored Monday.

## CHURCHMEN OPPOSED TO LEGAL BETTING

HARRISBURG (AP)—Delegates to the 49th General Assembly of the Pennsylvania Council of Churches have solidly backed their board of directors in opposition to legalized parimutuel betting on harness horse races.

Their endorsement was contained in a resolution adopted Monday night at the first plenary session of the three-day meeting.

Another resolution deplored the controversy over daily Bible reading in public schools but delayed constructive action until the court rule on the constitutionality of the readings.

## Assignment For Yeagy

Delegates also adopted a resolution calling upon member churches to urge their ministers and congregations to encourage the promotion of fair housing practices legislation.

A fair housing bill died in a Senate committee during the 1959 session.

Dr. Charles M. Cooper of Philadelphia was named chairman of a 50th anniversary committee. The Rev. Arthur Yeagy of Harrisburg was chosen to head a study committee on Christian education.

# FAMOUS CLOWN PASSES AWAY UNDER SURGERY

NEW YORK (AP)—Felix Adler, 62, who tickled five decades of circus audiences by waddling around the rings in a droopy clown's suit followed by oinking piglets, died Monday.

Adler, who left the Ringling Brothers and Barnum & Bailey Circus last May after 50 years under the big top, died during an operation at St. Clare's Hospital.

It was his second operation since Jan. 15 when he entered the hospital suffering from an ulcer. Liver complications developed.

Adler knew the same gimmicks got laughs year after year, and his life was dedicated to laughter. Children and grownups alike roared when he topped his grotesquely misshapen costume with a tiny umbrella or when the red light glowed in the tip of his make-believe nose.

But his piglets, always the tiniest creatures he could find, provoked the biggest laughs. He trained them to stand on their hind legs and to prance along with him around the rings. When the pigs outgrew the act, he often gave them away. He loved to hear from people who had adopted his pigs.

Born in Clinton, Iowa, he was only 9 when a circus came to town. He fell asleep in the circus train and awoke in Davenport, Iowa, the show's next stop. His family retrieved him, but later he ran away with a troupe of acrobats.

Adler is survived by his wife, Amelia, also a circus performer.

PHILADELPHIA (AP)—Theresa Hoogerwerf, 29, died early today shortly after being hit by an auto near her home.

Police said the driver of the car, John King, 21, of Philadelphia, was charged with hit-and-run driving and manslaughter by auto.

EASTON, Pa. (AP)—Harry M. Broad, 73, of Easton R. 1, was killed Monday in the crash of his car on the Nazareth-Tatamy Road. It swerved to the right and then to the left, struck a concrete culvert and landed upside down on the Lehigh-New England Railroad tracks.

ADVERTISE IN THE TIMES

# HOFFA FIGHTS SEN. KENNEDY

WASHINGTON (AP)—President James R. Hoffa of the Teamsters Union is spending his Sundays stirring up opposition in Wisconsin and other states to the presidential aspirations of Sen. John F. Kennedy (D-Mass.).

Hoffa is opposed to every member of Congress who voted last year for the new labor control law—he calls it the Kennedy-Landrum-Griffin Act. But Kennedy, a leading candidate for the Democratic presidential nomination, is Hoffa's prime target.

Blames Brother

Hoffa said in an interview it is too early to say whom the Teamsters Union might favor for president in either party, although he's busy picking and choosing among congressional candidates.

He indicated his special opposition to Kennedy is two-fold. First, he blames Kennedy for the new labor law. Second, the senator's brother, Robert Kennedy, as counsel for the Senate Labor-Management Committee, kept Hoffa uncomfortably busy the equivalent of two months as a witness.

"I just go out and tell the boys (Teamsters members) the truth, that's all—like the problems facing labor that Kennedy must accept responsibility for," Hoffa said.

# MACARTHUR IS IMPROVING

NEW YORK (AP)—Gen. Douglas MacArthur, in Lenox Hill Hospital for treatment of an enlarged prostate gland, appears to be gradually improving.

Lt. Gen. Leonard D. Heaton, surgeon general of the Army, flew here from Washington Monday and conferred with MacArthur's physician, Dr. George W. Laughton.

They said the general's disorder "has been determined to be a simple nonmalignant enlargement of the prostate gland which resulted in interference with normal urinary functions."

"There has been indications of some degree of kidney involvement," the statement said, "but the exact degree of this can be determined only by further study."

MacArthur, who entered the hospital last Friday, stayed out of bed for 15 minutes Monday. An Army spokesman said "the general is progressing better than would normally be expected."

The general celebrated his 80th birthday last week.
